Author(s) Statement

STATEMENT

All the creations presented are shared creations. They are the initiative of Xavier Leton and are made to be proposed to the public via the Internet and in the form of performances and installations. These productions are not for sale. They are not intended to make money. We privilege the encounter between people and the creative process.

Xavier Leton is a researcher, artist, and engineer. He develops art projects in the public space, notably *Vertigo* and *VillesAllantVers* in Marseille, Brussels, Madrid, Bejaia, etc. Latest creations are entitled *#Vertigo* in collaboration with Jorge Bachmann (sound), Jean-Pierre Balpe's poetic generator; *#Duchamp@#Rome* co-created with Bruno Lemoine; and *Face2Face* co-created with Cécile Capponi. He holds a master's degree in Aesthetics & Contemporary Art (2016), about shared creations from the University of Aix-Marseille. He is the head of Lab. Open. Art. Digital., dedicated to digital arts for Les Beaux-Arts de Marseille - Mediterranean/Public College of art & design Marseille - Mediterranean.
